BID PACKAGE SPECIFICATIONS

SECTION 1: Background

On March 11, 2021, President Biden signed the American Rescue Plan Act (ARPA) of 2021 into law to bring direct and immediate relief to families and workers. The act provides \$350 billion in funding to states, counties, municipalities and other governmental units across the country. These funds-Coronavirus State and Local Fiscal Recovery Funds (SLFRF)- are to be used by state and local governments to address the devastating public health and economic impacts of the COVID-19 pandemic. Providence received approximately \$166M in SLRF funds, which were distributed via municipal ordinance into [various categories in May 2021 and June 2022](#).

The June 2022 ordinance included an infusion of \$10M into the Covid-19 Equity Program. The purpose of this funding is to address the lingering disparities resulting from injuries suffered by African Heritage and Indigenous communities as outlined in Truth-Telling and Reconciliation phases of a [three-phase process](#). A [municipal reparations commission](#) was formed to provide clear recommendations to the City on appropriate policies, programs and projects to begin addressing lingering disparities. The commission authored a [detailed 11-point investment strategy](#) that articulates specific recommendations, grounded in community feedback and research, for how the City should spend the \$10M COVID-19 Inequities Fund. Further, the commission authored a set of ARPA-compliant eligibility criteria that specifies the intended recipients of the funding and/or programming resulting in the administration of the \$10M. Details of the eligibility criteria can be found on pages 12-14 of the 11-point investment strategy report.

The City of Providence, recognizing the value and impact of a racially and culturally accessible media market, is seeking proposals for the creation of a plan to research and analyze the current media market and outline opportunities to advance the goals of the aforementioned report. Plans should emphasize culturally sensitive and accessible strategies for serving the primary and target media audiences, which include African heritage and Indigenous populations as defined within the City of Providence Municipal Reparations report, along with residents within underserved neighborhoods as defined through the American Rescue Plan Act (ARPA) as “Qualified Census Tracts.” Media services may include formats such as online and social media, and broadcast radio. Qualified Bidders are encouraged to recognize innovations in media technology that are adaptable to quickly changing information modes.

The City of Providence (“City”) reserves the right to fund in whole or in part, any, all, or none of the applications submitted in response to this RFP. The City reserves the right to renew or increase overall funding available through this RFP. If less than 100% of available funds are initially awarded in this funding round, the City reserves the right to make additional awards on a rolling basis to applicants that are awarded through this round, or to applicants that applied but did not receive an initial award. In both instances, applicants must meet the requirements of this RFP and have demonstrated adequate utilization of prior ARPA or comparable federal funds (if appropriate).
